WORK EXPERIENCE

Web Developer and Social Media Manager | Consultant | Tampa, FL | July 2020 – Present
- Built websites, landing pages, and social media pages for startups, e-commerce, and personal brands across multiple industries using content management systems and web builder platforms such as WordPress, Elementor, and GrooveFunnels.
- Researched, planned, and leveraged up-and-coming social media and industry trends for small businesses and personal brands.
- Identified KPIs (Key Performance Indicators) to effectively optimize content, increase brand awareness by up to 37%, and implement lead generation strategies for social channels.

Junior Full Stack Java Developer Program | Generation USA | April 2022 - August 2022
- Learned and implemented knowledge of basic programming fundamental concepts such as syntax, variables, data types, flow control structures, object-oriented programming, basic unit testing, etc.
- Built front-end and back-end of e-commerce website using technologies and frameworks including JavaScript, Java, Spring Boot, and MySQL database, with the goal to create a functional website using basic Create, Read, Update, Delete (CRUD) operations.

Senior Administrative Assistant | AdventHealth | Tampa, FL | August 2019 – July 2020
- Provided administrative support to the Director of Mission and Ministry, including but not limited to calendar management, a compilation of data reports, and service statistics.
- Supported the CPE (Clinical Pastoral Education) programs' application and exit processes, 3-12 a year, by scheduling 2-3 weekly residency or internship interviews for prospective candidates, preparing applicant files, facilitating meetings, and gathering and tracking all related correspondences and fees.
- Received and responded to 10+ daily incoming phone/text communication in a timely manner, making appropriate ministry and patient referrals as necessary.

Administrative Assistant | Providence Health & Services | Tarzana, CA | December 2008 - July 2019
- Provided administrative support to the Chief Mission Integration Officer.
- Coordinated and executed Mission Leadership's quarterly community outreach programs gathering employee donations anywhere from 7-15+ departments supporting 2-3 local organizations at a time.
- Processed invoices, and reconciliations for monthly budget variance reports, and tracked 5-10 employees' payroll reimbursements of up to $1000 each for the employee emergency loan fund.
